The winery was initially opened in 2009 only one weekend a month, which evolved to every weekend beginning in 2011. Today the winery hosts wine tasting and events every Saturday and Sunday from noon to 5pm. In 2018 the winery produced 2,300 cases of wine, most of which is estate fruit, plus wine from the partner vineyards next door, and three other varietals grown in the Santa Cruz Mountains. **The winery has a romantic pastoral setting with sweeping views, and the cities within a 10 mile radius have over 1,000,000+ population. This is an amazing venue opportunity to host weddings and corporate events,** that makes this a very unique opportunity. Vineyard Facts

The vineyard site was terraced on the steeper slopes of the property and ripped to fracture the weathered rock to promote deep root growth. The vines were planted in 1997 and consist of approx 3 acres of premium hillside estate fruit. The mix is approx 2 acres of Cabernet Sauvignon and 1 acre of Cabernet Franc. The fruit harvest was in 2002 and the vineyard is currently in its power cycle of its 30+/- year life cycle. The wines produced from the vineyard are very expressive of big fruit and complexity constantly garnishing gold medals at the San Francisco Chronicle, and even best of class.
