Water Rights to Clear Lake

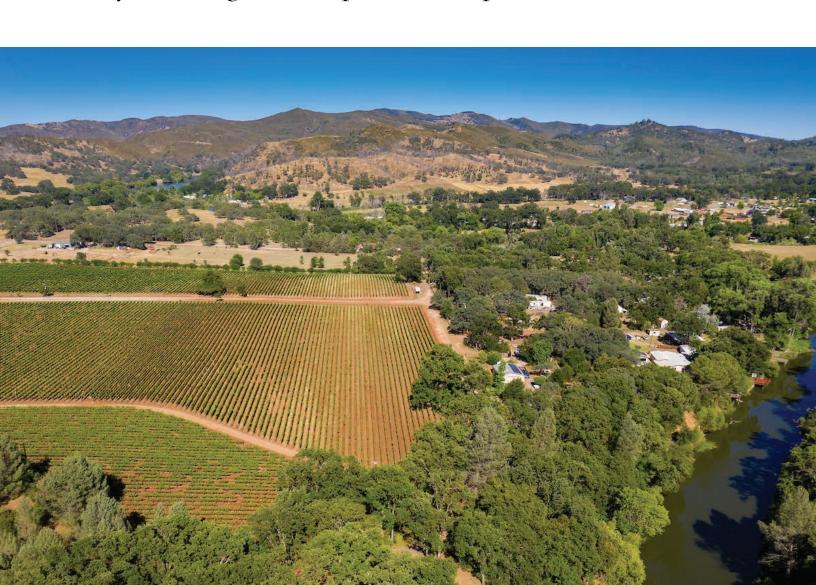

**Cache Creek** 

Power PG&E On-site

Zoning Agriculture (A)

Price \$895,000

Searching for an income vineyard with a multi-year grape purchase agreement? Look no further! This 25+ acre parcel consists of 21 acres planted to Cabernet Sauvignon of three different clones. The vines were planted in red rocky soil on a 6'x6' spacing in 2000 and 2002. Vineyard designate wines have been established by the current owner and have commanded Napa-like prices. Water from the vineyard comes from Cache Creek under riparian rights and the ranch has never had a lack of water. Frost protection is handled by overhead solid set sprinklers and irrigation for the vines is via drip system. There are three legal parcels at this private vineyard setting that has Cache Creek frontage. Turn-key vineyard management in place for the passive owner/investor.
